Fiber Optic Horizontal Splice Closure-ZCSC-H144-02（7231118）

Technical Index

Model No.	ZCSC-H144-02（7231118）
Color	Black
Capacity	144 cores
Protection Level	IP68
Material	PC, PC+ABS,PP
Sealing Method For Inlets	Mechanical seal
Inlet/outlet	3+3
Inlet cable port	Φ15,Φ18,Φ21
Outlet cable port	Φ15,Φ18,Φ21
Dimension(L*W*D,MM)	430*182*124
Inner box size(MM)	490*190*135
Outer box size(MM)	555*395*505
Gross weight(KG)	22.5
Pcs/Carton(PCS)	8

Overview

ZION COMMUNICATION Model No. ZCSC-H144-02 is one of the main equipment for user access points, applied for protective connection and distribution between two or more cables. The primary function is to connect distribution cable and indoor cable in the open air. It's widely used in communication systems, cable TV, optical cable network systems and others by virtue of steady structure, good sealing performance and easy construction.

Features

· The body is made of high quality engineering plastic with good strength;

· With good waterproof design, the fiber optical splice closure can be applied into underground and aerial.

· Be equipped with 3 splice trays (each capacity is 48 cores) (Pic#4 for details);

· Excellent fiber routing design ensures the radius curvature of the fiber well and enough fiber storage space.

Products Information

· Plastic bag size:430*182*124mm

· Inner box with single corrugated size: 490*190*135mm

· Carton with double corrugated size:555*395*505mm(8PCS/Box)

· Weight per carton：22.5 KG

Transportation and storage

· Avoid raining, sun exposuring and squeezing during transportation
· Products should be stored in the warehouse avoiding moisture, sun, fire.

Note: Special parts that are easily damaged during transportation should be protected carefully.
